

# Iowa Commercial Manure Applicator Certification – January 6, 2011

Iowa State University Extension, in cooperation with the Iowa Department of Natural Resources, will offer the Commercial Manure Applicator Certification/Recertification workshop on Thursday, January 6, 2011, from 9 a.m. to noon. This notice is only being sent to commercial manure businesses so please share this information with your employees. Please register by December 30, 2010, by calling the site where you plan to attend. The following counties are hosting this program. \*Indicates viewing site is different than ISU Extension County Office. \*\*Lyon County will hold two showings 9:00 a.m. and 1:00 p.m. Businesses primarily hauling or applying dry manure are encouraged to attend the dry/solid manure workshops.

## New Policy for Training

Iowa State University Extension highly encourages all commercial manure applicators to attend training at one of the sites listed at the right or to consult their local County Extension Office's policy for "reshowing" these programs. There is no charge for attending the workshops or viewing the video on the scheduled reshow date and time at the local County Extension Office. However, beginning March 1, 2011, applicators requesting to view the training materials on dates not scheduled at the local County Extension Office will be charged a fee of \$10 per person. Anyone not able to attend training should schedule an appointment with their DNR field office to take the certification exam.
