Other State
Minnesota
Renville County
320-523-3713

Dry/Solid Manure Workshops
Iowa State University Extension and Outreach in cooperation with the Iowa Department of Natural Resources (DNR), will offer manure applicator certification workshops for dry/solid manure operators on six different dates and locations in February. These workshops meet manure applicator certification requirements for both confinement site manure applicators and commercial manure applicators who primarily apply dry or solid manure.

Businesses primarily hauling or applying dry/solid manure are encouraged to attend the dry/solid manure workshops. If you can’t attend the workshops, please contact your extension office and request to see the Dry Manure Applicator video. The workshops are free to attend and open to all. Applicators will be required to submit certification forms and fees to the Iowa DNR to meet manure applicator certification requirements.
